DETAILED ACTION

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests alone or in combination that a liquid crystal display comprising a combination of various elements as claimed more specifically a light guide plate emitting light having a polarization state and a light control sheet is made of a particular portion of a resin material produced through a resin material drawing process and is provided with an ability acquired through the resin material drawing process and a cutting-out process for choosing the particular portion such that a maximum-intensity-direction of polarization of the light emitted from the light guide plate is rotated around a traveling direction of the light toward a direction of a light transmission axis of the polarization plate by transmitting through the light control sheet as set forth in claims 1-3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dung Nguyen whose telephone number is 571-272-2297. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Nelms can be reached on 571-272-1787. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
